WHY KENT?

Kent, the Garden of England, is the jewel of the South East. Nestled between London and the continent, Kent is world renowned for its rural beauty, rich heritage, spectacular coastline, and artistic heart.

Here you will discover the White Cliffs of Dover, staggering castles and cathedrals, award-winning vineyards, unspoiled villages, and culture-rich cities. Benefitting from the fastest domestic & international rail links in the country (just 38 minutes from central London), Kent is the perfect destination for day trips and short-breaks and offers a wealth of options for longer stays. Choose from luxury hotels, cosy pubs, safari lodges or cliff-top teepees.

Whether you want to explore modern art galleries or historic landmarks, find a romantic retreat or enjoy a fun-filled family break, laze in a luxury spa or learn to surf – Kent has it all. There are few places where London is so close, and yet feels so far away.

The world drinks our wine, blockbusters are filmed on our shores, and history was made on our soil.

WHERE IS KENT?

Kent is located in the southeast corner of England, just outside of London and on the edge of the English Channel.

Access to Kent is easy with Southeastern Railway's high speed rail links direct from central London (38mins to Ashford, 57mins to Canterbury), or by car via the M20 or M2. The county also has enviable fast links to mainland Europe via The Port of Dover, Eurotunnel Le Shuttle Folkestone, and Eurostar (Ashford & Ebbsfleet), and has good access to London Heathrow and London Gatwick.

Kent is an easy day-trip for Londoners or international visitors in the capital, and is an excellent short break destination for those wanting to experience England's countryside, coast and cultural cities. It is ideally placed for visits from France, Belgium, Holland and Germany.

Activities, exhibitions and celebrations to captivate all ages are planned throughout the year. In March, the exhibition 'Time, Tide and Power' - featuring objects from national institutions such as Tate Britain - will open and, in the summer, a major temporary exhibition, 'Brick History!' will see famous scenes from history recreated in Lego® including the death of Nelson on board HMS Victory.

First World War Centenary - 2018 marks the 100th anniversary of the First World War. During the First World War, the Dover area was officially designated as a fortress with Dover Castle acting as a military headquarters. 25th anniversary of the Battle of Britain Memorial - In 2018, while commemorating important anniversaries such as the centenary of the forming of the RAF, the Battle of Britain Memorial Trust continues to look to the future. The Trust will celebrate the 25th anniversary of the unveiling of the National Memorial to the Few at Capel-le-Ferne on its cliff top site between Dover and Folkestone, and a new library and resource centre dedicated to the Battle of Britain and those who fought it will open there. The highlight of the Trust's year is Memorial Day, which, in 2018, falls on Sunday 1st July. www.battleofbritainmemorial.org/

WHAT'S NEW IN 2018?

New Developments

Virtual Reality at St Augustine's Abbey - In Canterbury St Augustine's Abbey once rivalled Canterbury Cathedral in stature and influence. It now offers visitors the chance to experience many of its key features through an impressive virtual reality experience. Introduced in summer 2017, visitors can sit inside a high-tech 'pod' and use VR headsets to experience a medieval virtual reality which 'rebuilds' significant parts of the abbey and allows them to view the ornate buildings as they would have looked in the early 16th century. www.english-heritage.org.uk/visit/places/st-augustines-abbey/

Eastwell Manor a Champneys Spa Hotel - In 2017 Champneys were delighted to welcome Eastwell Manor in Ashford as the the most recent member of their family. Less than an hour from London by train, Eastwell Manor is now expected to become one of the South East's major destinations. www.eastwellmanor.co.uk/

Triple Launch in Maidstone - In 2018 three new attractions will open in Maidstone. The town's Mote Park will introduce an adventure zone, while Maidstone Museum & Art Gallery will reveal a fresh look to the Ancient Civilisations Wing. This includes a facial reconstruction of the famous mummy Ta-Kush created following its scan in a MRI scanner, and the resulting model can be touched by partially and non-sighted visitors. Nearby, at Tonbridge's Headcorn Aerodrome, the Lashenden Air Warfare Museum will be redeveloped and a new wing is planned to open at the end of June. www.maidstone.gov.uk/
